(1) prevent a person from prohibiting or otherwise regulating the

consumption, display, production, processing, manufacture or sale of marijuana and marijuana accessories on or in property the person owns, occupies or manages, except that a lease agreement shall not prohibit a tenant from consuming marijuana by means other than smoking on or in property in which the tenant resides unless failing to do so would cause the landlord to violate a federal law or regulation;

(2) prevent the commonwealth, a subdivision thereof or local government agency from prohibiting or otherwise regulating the possession or consumption of marijuana or marijuana accessories within a building owned, leased or occupied by the commonwealth, a political subdivision of the commonwealth or an agency of the commonwealth or a political subdivision of the commonwealth; or

(h) Adulteration and misbranding. This chapter shall not exempt marijuana or marijuana products from sections 186 to 195, inclusive, of chapter 94 of the General Laws, relating to the adulteration and misbranding of food, drugs and various articles. Marijuana included in a marijuana product manufactured in compliance with the regulations under this chapter shall not be considered an adulterant.

Section 3. Local control

(a) A city or town may adopt ordinances and by-laws that impose reasonable safeguards on the operation of marijuana establishments,

provided they are not unreasonably impracticable and are not in conflict with this chapter or with regulations made pursuant to this chapter and that:

(1) govern the time, place and manner of marijuana establishment operations and of any business dealing in marijuana accessories, except that zoning ordinances or by-laws shall not prohibit placing a marijuana establishment which cultivates, manufactures or sells marijuana or marijuana products in any area in which a medical marijuana treatment center is registered to engage in the same type of activity;

(2) limit the number of marijuana establishments in the city or town, except that a city or town may only adopt an ordinance or by-law by a vote of the voters of that city or town if the ordinance or by-law:

(i) prohibits the operation of 1 or more types of marijuana establishments within the city or town;

(ii) limits the number of marijuana retailers to fewer than 20 per cent of the number of licenses issued within the city or town for the retail sale of alcoholic beverages not to be drunk on the premises where sold under chapter 138 of the General Laws; or

If a majority of the votes cast in the city or town are not in favor of allowing the consumption of marijuana or marijuana products on the premises where sold, such city or town shall be taken to have not authorized the consumption of

marijuana and marijuana products on the premises where sold.

(c) No city or town shall prohibit the transportation of marijuana or marijuana products or adopt an ordinance or by-law that makes the transportation of marijuana or marijuana products unreasonably impracticable.

(d) No agreement between a city or town and a marijuana establishment shall require payment of a fee to that city or town that is not directly proportional and reasonably related to the costs imposed upon the city or town by the operation of a marijuana establishment. Any cost to a city or town by the operation of a marijuana establishment shall be documented and considered a public record as defined by clause Twenty-Sixth of section 7 of chapter 4 of the General Laws.

(3) qualifications for licensure and minimum standards for employment that are directly and demonstrably related to the operation of a marijuana establishment and similar to qualifications for licensure and employment standards in connection with alcoholic beverages as regulated under chapter 138 of the General Laws; provided that a prior conviction solely for a marijuana-related offense or for a violation of section 34 of chapter 94C of the General Laws shall not disqualify an individual or otherwise affect eligibility for employment or licensure in connection with a marijuana establishment, unless the offense involved the distribution of a controlled substance, including marijuana, to a minor;

(4) procedures and policies to promote and encourage full participation in the regulated marijuana industry by people from communities that have previously been disproportionately harmed by marijuana prohibition and enforcement and to positively impact those communities;

(12) requirements for safe disposal of excess, contaminated,

adulterated or deteriorated marijuana or marijuana products;

(13) reasonable restrictions on signs, marketing, displays and advertising with respect to marijuana, marijuana products and marijuana accessories, including prohibiting marketing or advertising designed to appeal to children;

(14) procedures and requirements to enable the transfer of a license for a marijuana establishment to another qualified person or to another suitable location, which shall not be more restrictive than laws governing the transfer of a license for the sale of alcoholic beverages under chapter 138 of the General Laws; and

(15) provisions for: enforcing this chapter, including penalties for civil violations for the failure to comply with any regulation made pursuant to this section or for any violation of section 13 of this chapter; collecting fees and penalties imposed; suspending the license of a marijuana establishment that include provisions to allow for the continued maintenance and security of any marijuana and marijuana products; terminating the license of a licensee; and appealing civil penalties or licensing actions.

(b) In furtherance of the intent of this act, the commission may also adopt regulations in accordance with chapter 30A of the General Laws which:

(1) establish and provide for issuance of additional types or classes of licenses to operate marijuana-related businesses, including licenses that authorize only limited cultivation, processing, manufacture, possession or storage of marijuana or marijuana products, limited delivery of marijuana or marijuana products to consumers, licenses that authorize the consumption of marijuana or marijuana products on the premises where sold, licenses that authorize the consumption of marijuana at special events in limited areas and for a limited time and licenses intended to facilitate scientific research or education;

(2) regulate the cultivation, processing, distribution and sale of hemp by marijuana establishments; and

(3) limit the total amount of marijuana cultivated within the commonwealth, if the commission determines after an analysis of the current and anticipated supply of and demand for marijuana and marijuana products, that a limit on the amount of marijuana cultivated within the commonwealth is necessary to minimize illicit markets for marijuana. If the commission limits the total amount of marijuana that may be cultivated within the commonwealth, the commission shall reconsider that determination biannually and shall not set the limit at a level below that

which is necessary to provide an adequate supply of marijuana and marijuana products in the commonwealth. No such limit shall be imposed if the import or export of marijuana to or from the commonwealth is not prohibited by federal law.

(c) Regulations made pursuant to this section shall not:

(1) prohibit the operation of a marijuana establishment either expressly or through regulations that make operation of a marijuana establishment unreasonably impracticable;

(2) require testing of marijuana or marijuana products before the commission has licensed any marijuana testing facilities or, if such facilities have been licensed, before such facilities are capable of performing any required tests in a timely manner;

(3) require a customer to provide a marijuana retailer with identifying information other than identification to determine the customer's age and shall not require the marijuana retailer to acquire or record personal information about customers other than information typically required in a retail transaction;

(4) prohibit a medical marijuana treatment center and an experienced marijuana establishment operator from operating a medical marijuana treatment center and a marijuana establishment at a shared location;

(6) prohibit marijuana establishments from using inorganic cultivation methods.

(d) The commission shall administer the laws and regulations relating to licensing in this chapter.

(e) The commission may suspend or revoke the license of a licensee under regulations made pursuant to this chapter upon written notice of a violation and, if applicable, an opportunity to cure any violation within 30 days of such notice. All licensees shall be entitled to an adjudicatory hearing pursuant to chapter 30A of the General Laws prior to suspension of a license for longer than 5 days or the revocation of a license.

(f) The commission shall enforce the laws and regulations relating to the cultivation, processing, manufacture, delivery, storage, sale and testing of marijuana and marijuana products by marijuana establishments. The commission shall conduct investigations of compliance with this chapter

and shall perform regular inspections of marijuana establishments and the books and records of marijuana establishments as necessary to enforce this chapter. The commission shall cooperate with appropriate state and local organizations to provide training to law enforcement officers of the commonwealth and its political subdivisions.

(g) The commission shall hold a public hearing before the adoption, amendment or repeal of any regulation. Adjudicatory proceedings shall be conducted pursuant to chapter 30A of the General Laws and to standard rules of adjudicatory procedure established pursuant to section 9 of chapter 30A of the General Laws.

(i) The commission shall annually review the tax rate established by chapter 64N of the General Laws and may make recommendations to the General Court as appropriate regarding changes to the tax rate that further the intent of this act. The commission may study marijuana commerce and make recommendations to the General Court regarding changes in the laws of the commonwealth that further the intent of this act by filing those recommendations with the clerk of the house and senate who shall forward the recommendations to the joint committee on consumer protection and professional licensure, the joint committee on revenue and any other committee deemed appropriate by the commission.

(j) The commission shall deposit all license, registration and monetary penalties collected pursuant to this chapter in the Marijuana Regulation Fund established by section 15 of this chapter.

Section 5. Licensing of marijuana establishments

(a) Upon receipt of a complete marijuana establishment license application and the application fee, the commission shall forward a copy of the application to the city or town in which the marijuana establishment is to be located, determine whether the applicant and the premises qualify for the license and has complied with this chapter and shall, within 90 days:

(1) issue the appropriate license; or

(2) send to the applicant a notice of rejection setting forth specific reasons why the commission did not approve the license application.

(b) Except as provided in subsection (c) of this section, the commission shall approve a marijuana establishment license application and issue a license if:

(4) an individual who will be a controlling person of the proposed marijuana establishment has not been convicted of a felony or convicted of an offense in another state that would be a felony in the commonwealth, except a prior conviction solely for a marijuana offense or solely for a violation of section 34 of chapter 94C of the General Laws, unless the offense involved distribution of a controlled substance, including marijuana, to a minor.

(c) If a city or town limits the number of marijuana establishments that may be licensed in the city or town pursuant to clause (2) of subsection (a) of section 3 of this chapter and that limit prevents the commission from issuing a license to all applicants who meet the requirements of subsection (b) of this section:

(1) until January 1, 2018, the commission shall issue licenses first to applicants with the most experience operating medical marijuana treatment centers and then by lottery among qualified applicants; or

(2) on and after January 1, 2018, the commission shall issues licenses by lottery among qualified applicants.

The lottery shall also designate the priority order of unselected applicants in the event that a license becomes available within a year.

Section 6. Expiration and renewal

(a) License term. Unless the commission authorizes the renewal of a license for a longer period, all licenses under this chapter shall be effective for 1 year from the date of issuance.

(d) Absent clear, convincing and articulable evidence that the person's actions related to marijuana have created an unreasonable danger to the safety of a minor child, neither the presence of cannabinoid components or metabolites in a person's bodily fluids nor conduct permitted under this chapter related to the possession, consumption, transfer, cultivation, manufacture or sale of marijuana, marijuana products or marijuana accessories by a person charged with the well-being of a child shall form the sole or primary basis for substantiation, service plans, removal or termination or for denial of custody, visitation or any other parental right or responsibility.

(e) The use of marijuana shall not disqualify a person from any needed medical procedure or treatment, including organ and tissue transplants.

(f) Notwithstanding any general or special law to the contrary, except as otherwise provided in this chapter, a person 21 years of age or older shall not be arrested, prosecuted, penalized, sanctioned or disqualified and is not subject to seizure or forfeiture of assets for possessing, producing, processing, manufacturing, purchasing, obtaining, selling or otherwise transferring or delivering hemp.
